We pledge to do

As the oldest area Technology Solution Provider, Software To Go is celebrating its 25th year last month. The milestone will be marked with sales events and giveaways in addition to a "time line wall" which has been installed in the showroom. We have also updated our online [Computer Museum](#) which spotlights some of the vintage computing equipment showcased at the company's office.

March, 1983 - Founded in Clayton, Software To Go is one of the Midwest's oldest software and computer shops. Moving to St. Peters in 2006, Software To Go provides computer hardware, software, peripherals and provides consulting, ongoing repair and maintenance services to clients in 46 states and specializes in personal computing solutions for small businesses, professionals, education and government.

President, Joe Balsarotti says, "To any small business [25 years](#) is quite a milestone, but in the computer industry, we have truly been blessed with [wonderful clients](#), many who have been with us for decades and a [great staff](#), who know how to rise to any challenge."

He continues, "We started by selling software for Apple IIs, Commodores and Atari's. The IBM was brand new at that time. We changed as the technology did and added equipment to our offerings to

everything realistically possible to assist you in taking a high-tech plunge into your computing needs!

We all wish to take this opportunity to say 'Welcome' to those of you just learning about the Software To Go difference!

*Sincerely,
The Staff of
Software To Go*
